Corporate

Corporate provides cover to companies with significant asset values across a wide range of industry sectors, including, but not limited to, mining, energy, manufacturing, financial services, technology and communication, real estate and retail. The cover afforded under an Assets Policy includes Material Damage and Business Interruption, which can extend to Machinery Breakdown.

Since every company's insurance requirements are individual, specific cover is arranged in accordance with the nature of their business. The insurance broker is pivotal to the placement of the insurance programme. To find out how our industry knowledge, risk assessment capability, underwriting expertise and geographical scope of Corporate services can be of value to you, please contact us.

Personal

When it comes to personal lines, look no further than Hollard. We know you, the intermediary, are looking for excellence in products and claims service. Our personal lines offerings include our Easy product, and our Hollard Private and Prestige products.

Our Easy product is modular, meaning that you are able to build specific solutions for your clients' needs, from entry-level to high-net-worth. You can access Easy via our broker portal which is convenient and enables you to perform policy administration functions and capture first notification of loss on behalf of your clients.

Our Private and Prestige products offer all-in-one, comprehensive cover. They include a variety of additional options, so that clients have the flexibility to change and increase covers to suit their needs, and protect the assets that matter most to them.

And because we believe we can always find ways to do things better, we're continually innovating and enhancing our offerings, giving your clients better and better insurance options.
